If your Pay Item Editor is blank or empty after a new release, you may need to clear your browser to load new code:

Refresh your browser

First **Close** and then **Reopen** your browser.

Chrome: Quick hard **Reload** can be done by using the following shortcut keys:

Windows:

Hold down Ctrl and click the browser reload button
Or, Hold down Ctrl and press F5.

Mac OS:

Hold down ⌘ Cmd and ⇧ Shift key and then press R

Or, hold ⇧ Shift and click the browser reload button

Restart Computer

If all the above steps fail, the other solution that we have seen work is to restart your computer.
