NEST Error (MIN_CONTR_VAL_FLD_RLTD)

Pension and Automatic Enrolment (AE) · https://paiyroll.com/kb/nest-error-min_contr_val_fld_rltd/

This error generally means the worker in NEST is set up as ineligible for UK tax relief, while in payroll® they receive tax relief, which is the default setting.

The tax relief settings on NEST must match those on paiyroll®.

Tax Relief/Status

Tax status in NEST

You can verify that in Workers > Manage your workers, select the worker, and scroll to the section:

```
Tax information details

National Insurance number   AB 12 34 91 C
Eligible for UK tax relief*.    No
```

AE Pay Item in paiyroll®

Pay Item Editor > search for the employee

```
AE

No tax relief Input
```

Steps to correct

1. If the worker is not eligible for tax relief, then update the AE pay item in paiyroll® and tick the input **No tax relief**
2. If they are eligible, then update the worker's details on NEST
