State Pension Age (SPA) and NIC

HMRC · https://paiyroll.com/kb/state-pension-age-spa_and-nic/

State Pension Age (SPA) is changing.

If an employee believes they should stop paying National Insurance NIC, this may be the reason!

It will increase gradually to 67.

See the timetable and use the HMRC calculator to determine an employee's exact SPA date.

These dates will affect pension as well as NIC, which will continue until the SPA for employees.
