

payroll® API

1.0.0

OAS 3.0

/api/schema/

The API provides access to the payroll® system. Get started using this [Swagger](#) workbench to:

- [Create and manage your OAuth 2.0 applications](#)
 - Right-click to [copy the redirect URI](#) for your OAuth 2.0 applications.
- [View and manage tokens](#).

Finally, you can create tokens programmatically at "https://login.payroll.com/api/auth/token/". See the API user documentation (below) for more information.
